- Full-stack Laravel application
- Auth, payments, admin dashboard
- REST API + staging environment
- 30-day post-launch support

Mobile

Cross-platform iOS & Android with Firebase.

Starting from €650

☐ 3-6 weeks · Flutter

- Flutter iOS & Android
- Firebase backend + push notifications
- 30-day post-launch support

Enterprise

Custom business platforms: LMS, CRM, ERP, marketplaces — scalable architecture.

Starting from €800+

□ 4–12 weeks · custom Laravel

- LMS / e-learning: courses, quizzes, certificates, multi-tenant
- CRM & ERP: teams, roles, reporting, built-in invoicing
- REST API, multi-language, staging + production environments
- Docker, technical docs & admin training
- 60-day dedicated support + planned iterations

Monthly Maintenance

Starting from €99 / month

Bug fixes, security, performance, up to 5h dev/month.

05 — WHAT SETS ME APART

✓ On-Time Delivery

Clear timelines from day one. Your deadline is my deadline.

✓ Transparent Communication

Daily updates, staging access, honest answers throughout.

✓ Production-Quality Code

Clean, documented, maintainable — built to last years.

✓ End-to-End Ownership

From brief to launch: hosting, deploy, and support.

✓ Remote-Friendly

Morocco-based, working with clients worldwide.

✓ Results-Oriented

Solutions aligned with real business goals.
